

Department of Surgical Gastroenterology, JIPMER, Puducherry

AND

Association of Minimal Access Surgeons of India (AMASI)

*invite you to the*

21st AMASI skill course and FMAS examination

AND

CME on "Advances in laparoscopic surgery"

*Date:* 24th to 26th February 2012

*Venue:* Super speciality block Auditorium, JIPMER,  
Puducherry

*Invitation and Brochure*

*Dear Colleague,*

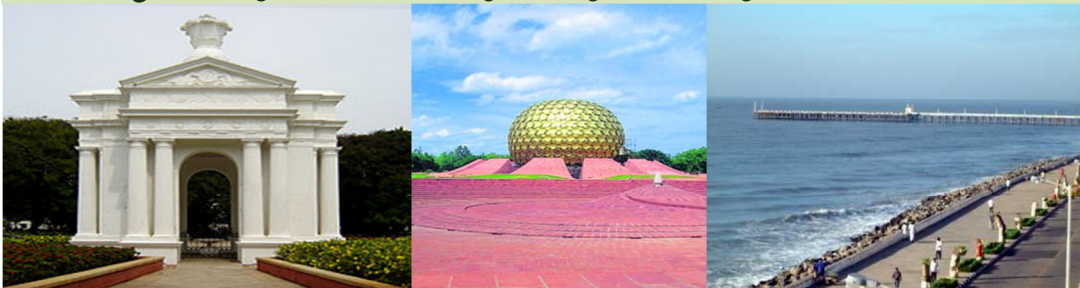

*Greetings from the department of Surgical Gastroenterology, JIPMER Puducherry. It gives us immense pleasure to welcome you to the 21st AMASI skill course and CME on advances in laparoscopic surgery. The skilled course is part of the academic and accreditation activities of the Association of Minimal Access Surgeons of India and culminates in the FMAS examination.*

*During the course of three days, we will try to provide comprehensive knowledge from basic to advanced laparoscopic surgery. The course targets postgraduate students of surgery and Surgical Gastroenterology as well as practising surgeons.*

*Away from the hustle and bustle of big cities, Puducherry is a quiet little town on the eastern coast. The unmistakable French connection, the endless stretches of unspoilt beaches, colonial heritage buildings and a surprising choice of restaurants all beckon you amidst the mildly cool, comfortable climate at this time of the year, making this the ideal time to visit Puducherry*

*The organising committee cordially invites you to participate actively in this academic feast and join us in making the conference an unforgettable experience.*

*Dr Ranjit Hari V, Organising Secretary and Course Convenor*
