

DEPARTMENT OF PAEDIATRICS

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
1	Tracheal suction catheter size 6F	4000	Each
2	Tracheal suction catheter size 7F	3500	Each
3	Tracheal suction catheter size 8F	4000	Each
4	Tracheal suction catheter size 9F	6500	Each
5	Tracheal suction catheter size 10F	4000	Each
6	High pressure Extension line 150 CM	2000	Each
7	High pressure Extension line 100 CM	2000	Each
8	High pressure Extension line 50 CM	2000	Each
9	Nasal prongs (neonatal)	100	Each
10	Nasal prongs (Pediatric)	100	Each
11	Intravenous infusion set with drip chamber and measuring set(Burette Type)	3000	Each
12	Single lumen Central Venous pressure catheter 22G (neonatal) -Seldinger technique	50	Each
13	Single lumen Central Venous pressure catheter No. 3F -Seldinger technique	75	Each
14	Single lumen Central Venous pressure catheter No 4F-Seldinger technique	50	Each
15	Double lumen Central Venous pressure catheter 22G (neonatal) -Seldinger technique	50	Each
16	Double lumen Central Venous pressure catheter No 3F -Seldinger technique	50	Each
17	Double lumen Central Venous pressure catheter No 4F -Seldinger technique	50	Each
18	Double lumen Central Venous pressure catheter No 5F -Seldinger technique	50	Each
19	Double lumen Central Venous pressure catheter No 8F -Seldinger technique	75	Each
20	Triple lumen Central Venous pressure catheter No 5F -Seldinger technique	100	Each
21	Triple lumen Central Venous pressure catheter No 8F -Seldinger technique	100	Each

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
22	Pediatric hemodialysis catheter (double lumen) 10 F	150	Each
23	Pediatric hemodialysis catheter (double lumen) 12 F	100	Each
24	Peripherally Inserted Central Venous Catheter with introducer and guide wire 3F	100	Each
25	Peripherally Inserted Central Venous Catheter with introducer and guide wire 4F	75	Each
26	Peripherally Inserted Central Venous Catheter with introducer and guide wire 5F	100	Each
27	Soft Endotracheal tube with murphy's eye 3 mm	50	Each
28	Soft Endotracheal tube with murphy's eye 3.5mm	500	Each
29	Soft Endotracheal tube with murphy's eye 4mm	500	Each
30	Soft Endotracheal tube with murphy's eye 4.5mm	500	Each
31	Soft Endotracheal tube with murphy's eye 5 mm	500	Each
32	Soft Endotracheal tube with murphy's eye 5.5 mm	500	Each
33	Soft Endotracheal tube with murphy's eye 5 mm- Cuffed	250	Each
34	Soft Endotracheal tube with murphy's eye 5.5mm- Cuffed	250	Each
35	Soft Endotracheal tube with murphy's eye 6 mm- Cuffed	100	Each
36	Soft Endotracheal tube with murphy's eye 6.5mm- Cuffed	100	Each
37	Soft Endotracheal tube with murphy's eye 7 mm- Cuffed	100	Each
38	Peritoneal dialysis catheter (infant)	100	Each
39	Peritoneal dialysis catheter (Pediatric)	100	Each
40	Peritoneal dialysis drainade set	100	Each
41	Nebulization set disposable	100	Each

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
42	Intercostal drainage tube without trocar no. 14	400	Each
43	Intercostal drainage tube without trocar no. 16	400	Each
44	Intercostal drainage tube without trocar no. 18	400	Each
45	Intercostal drainage tube without trocar no. 20	400	Each
46	Intercostal drainage tube without trocar no. 22	400	Each
47	Intercostal drainage tube without trocar no. 24	400	Each
48	Dialyser(pediatric) size 0.7	25	Each
49	Dialyser (pediatric) size 0.8	20	Each
50	Autoclavable Silicon self inflating resuscitation bag with safety valve- neonate (250 ml)	25	Each
51	Autoclavable Silicon self inflating resuscitation bag with safety valve- infant (500 ml)	25	Each
52	Autoclavable Silicon self inflating resuscitation bag with safety valve- Pediatric (750 ml)	10	Each
53	Autoclavable Silicon self inflating resuscitation bag with safety valve- Pediatric (750 ml)	10	Each
54	Autoclavable Silicon self inflating resuscitation bag- Adult 1500 ml	10	Each
55	Urine albumin and glucose reagent strips	1250	Each
56	Urine ketone reagent strips	1300	Each
57	C reactive protein bedside diagnostic kit	1000	Each
58	Micro ESR tube (Capillary tube) - heparinized	3000	Each
59	Neonatal urine collecting bag- adhesive type	5000	Each
60	Pregellated waterproof disposable ECG electrodes- Neonatal	3000	Each

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
61	Pregellated waterproof disposable ECG electrodes- pediatric	4000	Each
62	Transparent Oxygen tent(Paediatric size)	50	Each
63	Chlorhexidene based hand rub solution	300	Each
64	Face mask for resuscitation round (silicone) size 0	25	Each
65	Face mask for resuscitation round (silicone) size 1	25	Each
66	Face mask for resuscitation round(silicone) size 2	25	Each
67	Disposable Pressure Transducer with Flush device and connection tube compatible with Philips/Agilent monitors (v24E)	50	Each
68	NIBP cable (neonatal) compatible with Philips/Agilent monitors (v24E)	10	Each
69	NIBP cable (Pediatric) compatible with Philips/Agilent monitors (v24E)	10	Each
70	ET Tube cuff pressure Detector manometer	1	Each
71	Finger SpO2 Sensor-Pediatric to fit with Agilent/ Philips Multiparameter monitors	10	Each
72	Finger SpO2 Sensor-Neonatal to fit with Agilent/ Philipss Multiparameter monitors	5	Each
73	IV transparent dressing	100	Each
74	Reusable NIBP cuffs width 3cm, 5 cm,,7cm and 12 cm to fit with Agilent/ Philips Multiparameter monitors	5	Each
75	Neubauer's cell counting chamber with pipette (for RBC & WBC counting)	10	Each
76	Tracheostomy tube uncuffed size 4	20	Each
77	Tracheostomy tube uncuffed size 4.5	20	Each
78	Tracheostomy tube uncuffed size 5	20	Each
79	Tracheostomy tube uncuffed size 5.5	20	Each
80	Tracheostomy tube uncuffed size 6	20	Each

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
81	Tracheostomy tube cuffed size 4.5	20	Each
82	Tracheostomy tube cuffed size 5	20	Each
83	Tracheostomy tube cuffed size 5.5	20	Each
84	Tracheostomy tube cuffed size 6	20	Each
85	Ambu PEEP Valve Reusable (Paediatric)	2	Each
86	Glucostrips compatible with 'Easy gluco' Glucometer	3000	Each
87	Glucostrips compatible with 'One touch' Glucometer	3000	Each
88	Reusable silicine ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 730 humidifier with heaterwire and accessories-Paediatric	5	Each
89	Reusable silicine ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 850 humidifier with heaterwire and accessories-Paediatric	5	Each
90	Reusable silicine ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 850 humidifier with heaterwire and accessories-Neonatal	5	Each
91	Reusable silicine ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 730 humidifier with heaterwire and accessories-Neonatal	5	Each
92	Reusable silicine ventilator circuits compatible with Fischer & Paykel MR 410 humidifier -Neonatal	10	Each
93	Reusable silicine ventilator circuits compatible with Fischer & Paykel MR 410 humidifier -Pediatic	5	Each

Sl. No.	Name of the Items	Requirement for the year 2010-11	Rate must be quoted per unit given below
94	Re-usable (autoclavable) humidifying chamber compatible with Fischer & Paykel MR 410, MR 850 and MR 730 Humidifiers-Pediatric	10	Each

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
1	Tracheal suction catheter size 6F	single piece	7000	per piece
	<u>Specifications:</u>			
	1) length of atleast 50 cm with a single hole at the tip			
	2) The connector end should have a side hole for control of suction			
2	Tracheal suction catheter size 8F	single piece	8000	per piece
	<u>Specifications:</u>			
	1) length of atleast 50 cm with a single hole at the tip			
	2) The connector end should have a side hole for control of suction			
3	Tracheal suction catheter size 10F	single piece	5000	per piece
	<u>Specifications:</u>			
	1) length of atleast 50 cm with a single hole at the tip			
	2) The connector end should have a side hole for control of suction			
6	Extension tube for syringe pump infusion 150 cm	single piece	4000	per piece
7	Extension tube for syringe pump infusion 100 cm	single piece	2000	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
8	Extension tube for syringe pump infusion 50 cm	single piece	2000	per piece
10	Nasal prongs (Pediatric)		50	per piece
11	Intravenous infusion set with drip chamber and graduated measuring chamber (Burette Type)	single piece	3000	per piece
12	Single lumen Central Venous pressure catheter 22G (neonatal) -Seldinger technique	single piece	50	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
c) appropriate spring guide wire				
13	Double lumen Central Venous pressure catheter No 5F - Seldinger technique	single piece	200	per piece
	<u>Specifications:</u>			
	1) Each set should have:		150	per piece
	a) puncture needle / introducer needle			
	b) tissue dilator			
c) appropriate spring guide wire	200	per piece		
d) catheter clamp and fastener				
14	Double lumen Central Venous pressure catheter No 8F - Seldinger technique	single piece	150	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
c) appropriate spring guide				

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
	wire			
	d) catheter clamp and fastener			
15	Triple lumen Central Venous pressure catheter No 5F - Seldinger technique	single piece	100	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
	c) appropriate spring guide wire			
	d) catheter clamp and fastener			
16	Triple lumen Central Venous pressure catheter No 8F - Seldinger technique	single piece	75	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
	c) appropriate spring guide wire			
	d) catheter clamp and fastener			
17	Pediatric hemodialysis catheter (double lumen) 12 F	single piece	50	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
	c) appropriate spring guide wire			
	d) catheter clamp and fastener			

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
18	Pediatric hemodialysis catheter (double lumen) 10 F	single piece	25	per piece
	<u>Specifications:</u>			
	1) Each set should have:			
	a) puncture needle / introducer needle			
	b) tissue dilator			
	c) appropriate spring guide wire			
19	Peripherally Inserted Central Venous Catheter with introducer and guide wire 3F	single piece	25	per piece
	<u>Specifications:</u>			
	a) Peelable cannula			
20	Peripherally Inserted Central Venous Catheter with introducer and guide wire 5F	single piece	25	per piece
	<u>Specifications:</u>			
	a) Peelable cannula			
21	Soft Endotracheal tube with murphy's eye 3 mm	single piece	100	per piece
22	Soft Endotracheal tube with murphy's eye 3.5mm	single piece	500	per piece
23	Soft Endotracheal tube with murphy's eye 4mm	single piece	500	per piece
24	Soft Endotracheal tube with murphy's eye 4.5mm	single piece	500	per piece
25	Soft Endotracheal tube with murphy's eye 5 mm	single piece	100	per piece
26	Soft Endotracheal tube with murphy's eye 5.5 mm	single piece	100	per piece
27	Soft Endotracheal tube with murphy's eye 5 mm- Cuffed	single piece	100	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
28	Soft Endotracheal tube with murphy's eye 5.5mm- Cuffed	single piece	100	per piece
29	Soft Endotracheal tube with murphy's eye 6 mm- Cuffed	single piece	50	per piece
30	Soft Endotracheal tube with murphy's eye 6.5mm- Cuffed	single piece	50	per piece
31	Soft Endotracheal tube with murphy's eye 7 mm- Cuffed	single piece	50	per piece
32	Peritoneal dialysis catheter (Pediatric)	single piece	50	per piece
33	Peritoneal dialysis drainage set	single piece	50	per piece
	<u>Specifications:</u>			
	Y' Shape set for administration and drainage of dialysis fluid			
34	Nebulization set disposable	single piece	50	per piece
35	Intercostal drainage tube without trocar no. 14	single piece	50	per piece
36	Intercostal drainage tube without trocar no. 16	single piece	50	per piece
37	Intercostal drainage tube without trocar no. 18	single piece	100	per piece
38	Intercostal drainage tube without trocar no. 20	single piece	100	per piece
39	Intercostal drainage tube without trocar no. 22	single piece	75	per piece
40	Intercostal drainage tube without trocar no. 24	single piece	75	per piece
41	Polysulphone Dialyser (pediatric) size 0.7	single piece	25	per piece
42	Polysulphone Dialyser (pediatric) size 0.8	single piece	25	per piece
43	Plasma filter for plasmapheresis	single piece	10	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
44	Autoclavable Silicon self inflating resuscitation bag with reservoir and safety valve- neonate (250ml)	single piece	50	per piece
45	Autoclavable Silicon self inflating resuscitation bag with reservoir and safety valve- infant (500 ml)	single piece	25	per piece
46	Autoclavable Silicon self inflating resuscitation bag with reservoir - Pediatric (750 ml)	single piece	10	per piece
47	Autoclavable Silicon self inflating resuscitation bag with reservoir -Adult (1500ml)	single piece	10	per piece
48	Urine albumin and glucose reagent strips	50	25	per box of 50
49	Urine ketone reagent strips	50	25	per box of 50
50	C reactive protein bedside diagnostic kit	25 tests	50	per kit of 25 tests
51	Micro ESR tube (Capillary tube) - heparinized	100	100	per box of 100
	<u>Specifications:</u>			
	1) should be heparinised			
	2) should withstand centrifuge of 3000 rpm for 5 minutes			
	3) Inner diameter of atleast 1.2 mm			
4) length of atleast 75 mm				
52	Neonatal urine collecting bag-adhesive type	single piece	5000	per piece
53	Pregellated waterproof disposable ECG electrodes- Neonatal	single piece	3000	per piece
54	Pregellated waterproof disposable ECG electrodes-pediatric	single piece	4000	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
55	Transparent Oxygen tent (Paediatric size)	single piece	50	per piece
56	Chlorhexidene based hand rub solution	single piece	300	per piece
57	Face mask for resuscitation round (silicone) size 0	single piece	25	per piece
58	Face mask for resuscitation round (silicone) size 1	single piece	25	per piece
59	Face mask for resuscitation round(silicone) size 2	single piece	25	per piece
60	Disposable Pressure Transducer with Flush device and connection tube compatible with Philips/Agilent monitors (v24E)	single piece	50	per piece
61	ECG cable (neonatal) compatible with Philips/Agilent monitors (v24E)	single piece	10	per piece
62	ECG cable (Pediatric) compatible with Philips/Agilent monitors (v24E)	single piece	10	per piece
63	Finger SpO2 Sensor-Pediatric to fit with Agilent/ Philips Multiparameter monitors	single piece	6	per piece
64	Finger SpO2 Sensor-Neonatal to fit with Agilent/ Philipss Multiparameter monitors	single piece	6	per piece
65	Reusable NIBP cuffs width 3cm to fit with Agilent/ Philips Multiparameter monitors	single piece	6	per piece
66	Reusable NIBP cuffs width 5 cm to fit with Agilent/ Philips Multiparameter monitors	single piece	6	per piece
67	Reusable NIBP cuffs width 7cm to fit with Agilent/ Philips Multiparameter monitors	single piece	6	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
68	Reusable NIBP cuffs width 12 cm to fit with Agilent/ Philips Multiparameter monitors	single piece	6	per piece
69	ECG cable (neonatal) compatible with Mindray PM 9000 monitor	single piece	8	per piece
70	Finger SpO2 Sensor-Neonatal to fit with Mindray PM 9000 monitor	single piece	10	per piece
71	Reusable NIBP cuffs width 3cm to fit with Mindray PM 9000 monitor	single piece	4	per piece
72	IV transparent dressing	single piece	100	per piece
73	Neubauer's cell counting chamber with pipette (for RBC & WBC counting)	single piece	10	per piece
74	Tracheostomy tube uncuffed size 3	single piece	10	per piece
75	Tracheostomy tube uncuffed size 3.5	single piece	10	per piece
76	Tracheostomy tube uncuffed size 4	single piece	20	per piece
77	Tracheostomy tube uncuffed size 4.5	single piece	20	per piece
78	Tracheostomy tube uncuffed size 5	single piece	20	per piece
79	Tracheostomy tube uncuffed size 5.5	single piece	20	per piece
80	Tracheostomy tube uncuffed size 6	single piece	20	per piece
81	Tracheostomy tube cuffed size 4.5	single piece	20	per piece
82	Tracheostomy tube cuffed size 5	single piece	20	per piece
83	Tracheostomy tube cuffed size 5.5	single piece	20	per piece
84	Tracheostomy tube cuffed size 6	single piece	20	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
85	Glucostrips compatible with 'Easy gluco' Glucometer	box of 25	125	Box of 25
86	Glucostrips compatible with 'One touch' Glucometer	box of 25	125	Box of 25
87	Reusable silicone ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 730 humidifier with heaterwire and accessories-Paediatric	single piece	5	per piece
88	Reusable silicone ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 850 humidifier with heaterwire and accessories-Paediatric	single piece	5	per piece
89	Reusable silicone ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 850 humidifier with heaterwire and accessories-Neonatal	single piece	5	per piece
90	Reusable silicone ventilator circuits with heated inspiratory limb(heater wire) compatible with Fischer & Paykel MR 730 humidifier with heaterwire and accessories-Neonatal	single piece	5	per piece
91	Reusable silicone ventilator circuits compatible with Fischer & Paykel MR 410 humidifier -Neonatal	single piece	5	per piece
92	Reusable silicone ventilator circuits compatible with Fischer & Paykel MR 410 humidifier -Pediatric	single piece	5	per piece

Sl. No.	Name of the Items	Pack Size Acceptable	Requirement for the year 2010-11	Rate must be quoted per unit given below
93	Re-usable (autoclavable) humidifying chamber compatible with Fischer& Paykel MR 410,MR 850 and MR 730 Humidifiers- Pediatric	single piece	25	per piece
94	Heater wire adaptor compatible with Fischer& Paykel MR 850 Humidifier	single piece	5	per piece
95	Heater wire adaptor compatible with Fischer& Paykel MR 730 Humidifier	single piece	5	per piece
96	Temperature probe compatible with Fischer& Paykel MR 850 Humidifier	single piece	5	per piece
97	Temperature probe compatible with Fischer& Paykel MR 730 Humidifier	single piece	5	per piece
98	Wall Clock – Digital	single piece	5	per piece
	<u>Specification</u>			
	1) Should have time in 12h and 24 h format.			
	2) Should have separate display for date			
	3) Should have separate display for room temperature indicator			
	4) Warranty: 2 years from the date of installation
