

Tender Conditions:

Firms participating in the tender must demonstrate samples of the items quoted before the tender opening date failing which their tender will not be considered.

The name and address of the manufacturer must be printed on the packaging of the disposable items failing which the tender is liable to be rejected.

The disposable items must have a shelf life of at least 2 years at the time of supply.

"All imported instruments must carry data matrix code wherever applicable"

"For any Indian dealer quoting on behalf of imported manufacturer, manufacturer's authorisation letter as on date of tender is mandatory"
