

Tender conditions:

1. Firms participating in the tender must supply or demonstrate (in case of high value items) samples of the items quoted within two weeks of the tender opening date failing which their tender will not be considered.

2. For consumable items no.20 to 25, items no.28 to 30, 37 items no.41 to 46, items no.48 to 52 and items no. 66 and 70, the item should carry any international authentication of quality like CE certification or FDA approval failing which the tender is liable to be rejected.

3. The name and address of the manufacturer must be printed on the packaging of the disposable items failing which the tender is liable to be rejected.

4. The disposable items must have a shelf life of at least 2 years at the time of supply.

<b>Sl. No.</b>	<b>Name of Item</b>	<b>Estimated requirement for the year 2010</b>	<b>Rate must be quoted per unit given below</b>
<b>1</b>	<b>PTFE coated stainless steel guide wire with straight flexible tip 0.021" 50cm (presterilised &amp; disposable)</b>	<b>20</b>	<b>Each</b>
<b>2</b>	<b>PTFE coated stainless steel guide wire with straight flexible 3cm tip 0.028" 150cm (presterilised &amp; disposable)</b>	<b>20</b>	<b>Each</b>
<b>3</b>	<b>PTFE coated stainless steel guide wire with straight flexible 3cm tip 0.035" 150cm (presterilised &amp; disposable)</b>	<b>50</b>	<b>Each</b>
<b>4</b>	<b>PTFE coated stainless steel guide wire with straight flexible 3cm tip 0.038" 150cm (presterilised &amp; disposable)</b>	<b>150</b>	<b>Each</b>
<b>5</b>	<b>PTFE coated heavy duty stainless steel guide wire with J tip 0.038", 150cm. (presterilised &amp; disposable)</b>	<b>100</b>	<b>Each</b>
<b>6</b>	<b>PTFE coated heavy duty guide wire with J tip 0.038", 80cm (presterilised &amp; disposable)</b>	<b>150</b>	<b>Each</b>
<b>7</b>	<b>Hydrophilic plastic coated nitinol guide wire (like Terumo Radiofocus™ or Microvasive Glidewire™ guide wire) 0.018", 150cm with 3cm. Flexible straight tip in presterilised Pack (presterilised and disposable)</b>	<b>20</b>	<b>Each</b>
<b>8</b>	<b>Hydrophilic plastic coated nitinol guide wire (like Terumo Radiofocus™ or Microvasive Glidewire™ guide wire) 0.035", 150cm with 3cm. Flexible straight tip in presterilised Pack (presterilised and disposable)</b>	<b>20</b>	<b>Each</b>

9	Closed ended PVC Ureteric Catheter soft with Nylon stylet 70cm 3F (Presterilised & disposable)	20	Each
10	Closed ended PVC Ureteric Catheter soft with Nylon stylet 70cm 4F (Presterilised & disposable)	20	Each
11	Closed ended PVC Ureteric Catheter soft with Nylon stylet 70cm 5F (Presterilised & disposable)	75	Each
12	Closed ended PVC Ureteric Catheter soft with Nylon stylet 70cm 6F (Presterilised & disposable)	50	Each
13	Open end Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock, connection presterilised and disposable 70cm, 3F	10	Each
14	Open end Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock, connection presterilised and disposable 70cm, 4F	50	Each
15	Open end Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock, connection presterilised and disposable 70cm, 5F	50	Each
16	Open end Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock, connection presterilised and disposable 70cm, 6F	150	Each
17	Open end Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock, connection presterilised and disposable 70cm, 7F	50	Each
18	Dual lumen ureteric catheter with flexible tip presterilised and disposable with one hole at the tip to accommodate 0.038 inch guide wire and the other hole at the side near the tip 24cm, 10F	5	Each
19	Dual lumen ureteric catheter with flexible tip presterilised and disposable with one hole at the tip to accommodate 0.038 inch guide wire and the other hole at the side near the tip 50cm, 10F	5	Each
20	Cone Tip Radiopaque PVC tapered Tip ureteric catheter with detachable luer lock connection 70cm, 5F. Presterilised and disposable	10	Each
21	Presterilised & disposable Uretero-Pelvic junction occlusion balloon ureteral catheter made of radiopaque PVC 5F, 75cm.	5	Each
22	Ureteric Nitinol stone basket with polyamide sheath 3F 70 cm disposable and presterilised.	10	Each

<b>23</b>	<b>Ureteric nitinol stone extractor basket with polyamide sheath 4F 70cm Presterilised &amp; disposable</b>	<b>10</b>	<b>Each</b>
<b>24</b>	<b>Nitinol Tipless Stone Retrieval Basket with polyamide sheath 4F, 70 cm (Disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>25</b>	<b>Tipless nitinol stone extractor basket with polyamide sheath , 3 Fr, 115 cm (Disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>26</b>	<b>Tipless nitinol stone extractor basket with polyamide sheath , 2.2 Fr, 115 cm (Disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>27</b>	<b>Tipless nitinol stone extractor basket with polyamide sheath , 1.5 Fr, 115 cm (Disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>28</b>	<b>3 prong coaxial sheath foreign body grasping forceps 5.0F, 60 cm (Disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>29</b>	<b>Hook type 3 prong coaxial sheath grasping forceps 3.0F, 90cm (disposable and presterilised)</b>	<b>10</b>	<b>Each</b>
<b>30</b>	<b>Pigtail radiopaque soft polyurethane nephrostomy catheter 20cm long (excluding the length of coil) 10F disposable and presterilised</b>	<b>200</b>	<b>Each</b>
<b>31</b>	<b>Pigtail radiopaque soft polyurethane nephrostomy catheter 20cm long (excluding the length of coil) 12F disposable and presterilised</b>	<b>30</b>	<b>Each</b>

32	<p>Percutaneous pigtail nephrostomy set in presterilised and disposable single pack. Each pack containing: i) 18G 20cm 2 part puncture needle ii) 0.038” 3mm J tip PTFE Coated guide wire 80cm long iii) Radiopaque PVC dilators 9-12F iv) 10F Pigtail nephrostomy catheter of soft polyurethane 20cm long (excluding the length of coil). v) Connecting tube with stopcock for connecting to a urine collecting bag.</p> <p><u>Specification</u> Each pack containing i) 18G 20cm 2 part puncture needle ii) 0.038” 3mm J tip PTFE Coated guide wire 80cm long iii) Radiopaque PVC dilators 9-12F iv) 10F Pigtail nephrostomy catheter of soft polyurethane 20cm long (excluding the length of coil). v) Connecting tube with stopcock for connecting to a urine collecting bag vi) Must carry any international authentication of quality like CE or FDA approval</p>	25 sets	Each Set
33	Chiba (Skinny) needle with stylet 24G 20cm (for puncturing and opacifying renal pelvis)-Presterilised and disposable	20	Each
34	Sterile and disposable two part trocar needle with echo tip 18G, 20cm for initial puncture in percutaneous nephrostomy.	50	Each
35	Sterile and disposable two part trocar needle with echo tip 18G, 15cm for initial puncture in percutaneous nephrostomy.	30	Each
36	Set of Fascial dilators of radiopaque polyethylene for percutaneous nephrostomy (each set consisting dilators 8F to 14F size) presterilised and disposable iii) sheath for above stylet for insertion of safety guide wire	40	Each
37	<p>Amplatz type graduated renal dilator set with the following:</p> <p><u>Specifications :</u> Each set must have: i) 8F-30Fradiopaque PVC dilators with smooth surface and short tapered tips ii) 8F radiopaque stylet with both ends tapered for minimising kinking of guide wire iii) radiopaque Amplatz type teflon renal sheath set 28F-32F size 17cm long</p>	10 sets	Each Set

38	<b>Kaye Nephrostomy Tamponade Balloon Catheter made of radiopaque polyethylene, size 14 F and length 25 cm, with 15 cm long 12 mm inflated diameter balloon, with a flexible stylet along with a polyurethane Stent of size 5F, 75 cm long all in a sterile pack.</b>	5	Each
39	<b>Nephrostomy tract balloon dilatation catheter size 6F, 55 cm long catheter shaft, 15 cm balloon length, 10 mm inflated balloon diam, 20 atm rated burst pressure that accepts an .038 inch diameter wire guide along with a matching 30Fr or 32Fr standard TFE (Amplatz type) cannula/sheath that can slide over the inflated balloon.</b> <b><u>Specifications :</u></b> <b>i) Nephrostomy tract balloon dilatation catheter size 6F      ii) 55 cm long catheter shaft</b> <b>iii) 15 cm balloon length</b> <b>iv) 10 mm inflated balloon diam</b> <b>v) 20 atm rated burst pressure</b> <b>vi) must accept an 0.038 inch diameter wire guide</b> <b>vii) must provide a 30Fr or 32Fr standard TFE (Amplatz type) canula/sheath that can slide over the inflated balloon.</b>	5 sets	Each Set
40	<b>Disposable presterilised spring driven fully automatic firing core biopsy needle trucut mechanism (not vacuum) for prostate biopsy that allows one hand operation 18G 16cm.long.</b>	50	Each
41	<b>Plastic Toomey syringe (70ml) with a ring at the end of piston to permit single-handed operation &amp; to fit Karl Storz sheath, presterilised and disposable.</b>	50	Each
42	<b>Plastic Ellik's evacuator to fit Karl Storz sheath, presterilised and disposable.</b>	50	Each
43	<b>Double J ureteral stent made of soft polyurethane with positioner size 3F, 14 cm presterilised and disposable.</b>	20	Each
44	<b>Double J ureteral stent made of polyurethane with positioner size 5F, 22cm presterilised and disposable</b>	20	Each
45	<b>Double J stent made of polyurethane 5F or 4.7 or 4.8F, 26cm. with positioner – presterilised and disposable</b>	40	Each
46	<b>Double J stent made of polyurethane 6F 26cm. with positioner – presterilised and disposable</b>	250	Each

47	Endopyelotomy Nephrostent 24 / 14 F made of polyurethane presterilised and disposable.	10	Each
48	14 / 7 F Variable double pigtail endopyelotomy or endoureterotomy ureteral stent 26 cm. made of polyurethane presterilised and disposable.	10	Each
49	TUR irrigation set with Y connection – presterilised and disposable	100	Each
50	Balloon Ureteral Dilator catheter with 5mm Balloon 4cm long (40 psi pressure) 5.0F 65cm long; presterilised and disposable	5	Each
51	Balloon Ureteral Dilator catheter 3.0F 65cm long, with 5mm Balloon 4cm long (225 psi max inflation pressure) presterilised and disposable	5	Each
52	Tipless ureteral balloon dilatation catheter, 6F, 65 cm, 4 cm long balloon, 6mm inflated balloon diameter, 60 psi pressure, presterilised & disposable	5	Each
53	Set of ureteral dilators of radiopaque polyethylene (each set consisting dilators 8F to 16F size) in a sterile package	4	Each
54	Radiation Reduction gloves of latex- size 7 1/2- Presterilised disposable and pre-powdered	30	Each
55	Radiation Reduction gloves of latex- size 8- Presterilised disposable and pre-powdered.	30	Each
56	Closed suction surgical drain with bottle PVC –size 10F presterilised	30	Each
57	Long wearing self adhesive skin barrier with flange (of a 2 piece urostomy appliance) size 45mm (Convatec / Hollister type)	100	Each
58	Matching Urostomy Pouch – soft, odour-proof and low noise that fits water tight with above flange and has a tap for easy emptying. (Convatec/ Hollister type)	30	Each
59	Karaya Gum Skin barrier paste 60gm tube	50	Each
60	Non adhesive reusable Urostomy appliance system to fit stoma size of 35mm (medium)	30	Each
61	Non adhesive reusable Urostomy appliance system to fit large stoma size 40mm	30	Each

62	Non adhesive silicone condom urinary drainage appliance with inflatable retention cuff reusable for male incontinence sizes 23mm, 28mm, 33mm and 39mm	20	Each
63	Projection (Halogen) Lamp Type 6550; BRJ/EVB; A1/234; 15V; 150W (small size) to fit 150W Karl Storz Cold Light Source)	10	Each
64	Projection (Halogen) Lamp (without reflector) Type 64555 EHJ; 24V; 250W to fit 250W Karl Storz Cold Light Source	10	Each
65	Projection (Halogen) Lamp with reflector 24V; 250W to fit 250W Karl Storz Cold Light Source	10	Each
66	Radiation reduction thyroid shield with 0.5mm lead and vinyl covering	10	Each
67	Radiation reduction lead apron with 0.5mm lead and vinyl covering open back and velcro straps	10	Each
68	Radiation reduction lead apron covering both front and back with 0.5mm lead and vinyl covering with velcro straps	10	Each
69	Endoscopically injectable bulking agent (approved by international agencies like FDA or DCGI) along with syringe and needle for endoscopic treatment of incontinence by submucous injection.	10	Each
70	Endoscopically injectable biodegradable bulking agent (approved by international agencies like FDA or DCGI for use in children) along with syringe and needle for endoscopic treatment of vesicoureteral reflux by submucous injection.	10	Each
71	Ureteral Access Sheath 10F With matching PTFE dilator that fits inside the sheath to facilitate its insertion over a guide wire e.g. Flexor (Cook Urological), the Access Forté XE (Applied Medical), the Navigator (Boston Scientific), and the AquaGuide (Bard Urological).	10	Each
72	100% Silicone 2-way Foley catheter of international standards reputed manufacturers (whose name and complete address must be printed on the packaging) pre-sterilized by gamma irradiation or ethylene oxide, size: 16F	200	Each

<b>73</b>	<b>3-Way Silicone coated latex Foley catheter of international standards from reputed manufacturers (whose name and complete address must be printed on the packaging) pre-sterilized by gamma irradiation or ethylene oxide, size: 20F</b>	<b>200</b>	<b>Each</b>
<b>74</b>	<b>Sterile disposable nephrostomy catheter with attachment to connect urobag made of PVC having a radio-opaque tip, one end hole and two side holes at the tip, size 18 Fr diam 30cm length</b>	<b>10</b>	<b>Each</b>
<b>75</b>	<b>Sterile disposable nephrostomy catheter with attachment to connect urobag made of PVC having a radio-opaque tip, one end hole and two side holes at the tip, size 20 Fr diam 30cm length</b>	<b>40</b>	<b>Each</b>
<b>76</b>	<b>Sterile disposable nephrostomy catheter with attachment to connect urobag made of PVC having a radio-opaque tip, one end hole and two side holes at the tip, size 22 Fr diam 30cm length</b>	<b>10</b>	<b>Each</b>
<b>77</b>	<b>Sterile polypropylene macropore mesh of approximately 150micron pore size (Type 1 mesh) of size 1cmX 30cm</b>	<b>10</b>	<b>Each</b>
<b>78</b>	<b>Glass Toomey Syringe 50ml</b>	<b>10</b>	<b>Each</b>
<b>79</b>	<b>Titanium clips (like Ligaclips TM) size-small for use with Ethicon clip applicator</b>	<b>200</b>	<b>Each</b>
<b>80</b>	<b>Disposable presterilised pressure transducer to fit Dantec Menuet Compact Plus urodynamic system</b>	<b>10</b>	<b>Each</b>
<b>81</b>	<b>Incentive spirometer</b>	<b>20</b>	<b>Each</b>

82	<p>Set of (i) Filiform bougie with 4F tip &amp; 8F shaft(4-8F), straight tip made of radioopaque PVC covered stainless steel with female U.S. threads-4 nos. along with (ii) a set of follower Philips dilators of polyethylene with male U.S. threads (12-22F) sets.</p> <p><u>Specifications :</u>  Each set must have:  (i) Filiform bougie with 4F tip &amp; 8F shaft(4-8F), straight tip made of radioopaque PVC covered stainless steel with female U.S. threads - 4 Nos.  (ii) follower Philips dilators of polyethylene with male U.S. threads (12F) - 1 No.  (iii) follower Philips dilators of polyethylene with male U.S. threads (14F) - 1 No.  (iv) follower Philips dilators of polyethylene with male U.S. threads (16F) - 1 No.  (v) follower Philips dilators of polyethylene with male U.S. threads (18F) - 1 No.  (vi) follower Philips dilators of polyethylene with male U.S. threads (20F) - 1 No.  (vii) follower Philips dilators of polyethylene with male U.S. threads (20F) - 1 No.</p>	4 sets	Each set
83	Ultrasound Gel ( Aqueous contact medium for ultrasound transmission) 250ml bottles	400 bottles	Each bottle
84	Pregelled single use ECG electrodes	2000	Each
85	High glossy thermal printer paper 110mm*18m, compatible with sony black and white thermal printer	20 roll	Each roll
	Operative laparoscopy consumables		
86	Sterile and disposable laparoscopic impervious specimen retrieval sac like "Lapsac™"	10	Each
87	Laparoscopic titanium clips size-large for use with Ethicon clip applicator (in sterile cartridges containing 5 clips each)	40 cartridges	Each Cartridge of 5 clips
88	Laparoscopic titanium clips size-medium - large for use with Ethicon clip applicator (in sterile cartridges containing 5 clips each)	400 cartridges	Each Cartridge of 5 clips
89	Laparoscopic titanium clips size-medium for use with Ethicon clip applicator (in sterile cartridges containing 5 clips each)	40 cartridges	Each Cartridge of 5 clips
90	Laparoscopic titanium clips size-large for use with Pilling Weck clip applicator (in sterile cartridges containing 10 clips each)	20 cartridges	Each Cartridge of 10 clips

<b>91</b>	<b>Laparoscopic titanium clips size-medium - large for use with Pilling Weck clip applicator (in sterile cartridges containing 10 clips each)</b>	<b>200 cartridges</b>	<b>Each Cartridge of 10 clips</b>
<b>92</b>	<b>Laparoscopic titanium clips size-medium for use with Pilling Weck clip applicator (in sterile cartridges containing 10 clips each)</b>	<b>20 cartridges</b>	<b>Each Cartridge of 10 clips</b>
<b>93</b>	<b>Laparoscopic plastic Hemolock™ type clips size-medium for use with Hemolock™ clip applicator (in sterile cartridges containing 6 clips each)</b>	<b>30 cartridges</b>	<b>Each Cartridge of 6 clips</b>
<b>94</b>	<b>Laparoscopic plastic Hemolock™ type clips size-large for use with Hemolock™ clip applicator (in sterile cartridges containing 6 clips each)</b>	<b>30</b>	<b>Each Cartridge of 6 clips</b>
<b>95</b>	<b>Laparoscopic sterile &amp; disposable Scissors Curved short 5mm</b>	<b>10</b>	<b>Each</b>
<b>96</b>	<b>Laparoscopic sterile &amp; disposable Scissors Curved Long 5mm</b>	<b>10</b>	<b>Each</b>
<b>97</b>	<b>Laparoscopic sterile &amp; disposable Scissors Hook 5mm</b>	<b>10</b>	<b>Each</b>
<b>98</b>	<b>Laparoscopic sterile &amp; disposable Maryland-Dissector-5mm</b>	<b>10</b>	<b>Each</b>
<b>99</b>	<b>Laparoscopic sterile &amp; disposable straight Dissector-5mm</b>	<b>10</b>	<b>Each</b>
<b>100</b>	<b>Laparoscopic sterile &amp; disposable Grasper with ratchet</b>	<b>10</b>	<b>Each</b>
<b>101</b>	<b>Laparoscopic sterile &amp; disposable Monopolar L Hook Electrodes 5mm</b>	<b>10</b>	<b>Each</b>
<b>102</b>	<b>Laparoscopic sterile &amp; disposable suction irrigation cannula with trumpet valves 5mm</b>	<b>10</b>	<b>Each</b>
<b>103</b>	<b>Laparoscopic sterile &amp; disposable Veress Needle</b>	<b>10</b>	<b>Each</b>
<b>104</b>	<b>Laparoscopic sterile &amp; disposable 5mm threaded cannula with bladeless trocar</b>	<b>10</b>	<b>Each</b>
<b>105</b>	<b>Laparoscopic sterile &amp; disposable 10mm threaded cannula with bladeless trocar</b>	<b>10</b>	<b>Each</b>
<b>106</b>	<b>Laparoscopic sterile &amp; disposable 12mm threaded cannula with bladeless trocar</b>	<b>10</b>	<b>Each</b>
<b>107</b>	<b>Laparoscopic sterile &amp; disposable 5mm smooth cannula with bladeless optical trocar</b>	<b>10</b>	<b>Each</b>

108	Laparoscopic sterile & disposable 10mm smooth cannula with bladeless optical trocar	10	Each
109	Laparoscopic sterile & disposable 12mm smooth cannula with bladeless optical trocar	10	Each
110	Laparoscopic sterile & disposable 10mm Hasson cannula with cone	5	Each
111	Laparoscopic sterile & disposable 5mm flap valve shielded Trocar cannulas	10	Each
112	Sterile preformed loop ligature of catgut (endoloop)	10	Each
113	Loop ligature only vicryl (endoloop)	10	Each
114	Sterile laparoscopic endoGIA vascular reloadable stapler 45mm with 4 additional reload cartridges	10 sets	Each set
115	Sterile laparoscopic endoGIA vascular reloadable stapler 60mm with 4 additional reload cartridges	10 sets	Each set
116	Sterile laparoscopic endoTA vascular reloadable stapler 45mm with 4 additional reload cartridges	5 sets	Each set
117	Disposable and sterile multifire clip applicator with set of preloaded clips (medium large)	10	Each
	<b>NON-CONSUMABLES</b>		
	<b>General Urology Non-consumables</b>		
1	Stainless steel tri-prong ureteroscopic stone holding forceps with spring action handle 5F	20	Each
2	Stainless steel tri-prong stone holding forceps with spring action handle 10Fr diam 40cm long	5	Each
3	Stainless steel flat blade stone holding forceps with spring action handle 10Fr diam 40cm long	5	Each
4	Stainless steel alligator stone holding forceps with double action serrated jaws 10Fr diam 40cm long	4	Each
5	Measuring scale with markings in cm and inches, 6 inches long made of surgical grade stainless steel	5	Each

10	Doyen Intestinal Forceps, Straight, longitudinal serrations, 9" of high quality surgical grade Stainless steel	10	Each
11	Doyen Intestinal Forceps, Curved, longitudinal serrations, 9" of high quality surgical grade Stainless steel	10	Each
12	Halsted Mosquito Artery Forceps Box Joint Curved 4 3/4" of high quality surgical grade Stainless steel	100	Each
13	Halsted Mosquito Artery Forceps Box Joint Straight 4 3/4" of high quality surgical grade Stainless steel	100	Each
14	Debakey Atraumatic Forceps 8" long, 2mm tip of high quality surgical grade Stainless steel	10	Each
15	Pott's Smith Scissors 7" of high quality surgical grade Stainless steel	10	Each
16	ALLIS Tissue Forceps Box Joint 6" of high quality surgical grade Stainless steel	50	Each
17	Sponge Holder Box Joint 8" of high quality surgical grade Stainless steel	50	Each
18	Spencer Well's Artery Forceps 6" Box Joint Curved of high quality surgical grade Stainless steel	100	Each
19	Spencer Well's Artery Forceps 7" Box Joint Curved of high quality surgical grade Stainless steel	100	Each
20	Babcock Intestinal Forceps 6" Box Joint of high quality surgical grade Stainless steel	50	Each
21	Babcock Intestinal Forceps 8" Box Joint of high quality surgical grade Stainless steel	50	Each
22	Langenbeck Retractor SS Blade 2 1/2" x 1" wide	20	Each
23	Morris Single Blade Retractor 2" Deep 1 1/4" Wide of high quality surgical grade Stainless steel	10	Each
24	Metzenbaum Scissors Curved Fine tip 7" of high quality surgical grade Stainless steel	20	Each
25	Mayo Scissors 6" Straight of high quality surgical grade Stainless steel	20	Each
26	Metzenbaum Scissors Straight 7" of high quality surgical grade Stainless steel	20	Each
27	Angled clip applicator made of stainless steel for open surgery compatible with Ethicon™ ligaclips™ medium size	4	Each

28	<b>Straight clip applicator made of stainless steel for open surgery compatible with Ethicon™ ligaclips™ medium size</b>	4	Each
29	<b>Angled clip applicator made of stainless steel for open surgery compatible with Ethicon™ ligaclips™ small size</b>	4	Each
30	<b>Straight clip applicator made of stainless steel for open surgery compatible with Ethicon™ ligaclips™ small size</b>	4	Each
31	<b>Stamey Needle 16cm straight single prong of high quality surgical grade Stainless steel</b>	4	Each
32	<b>Stamey Needle 16cm 15 deg single prong of high quality surgical grade Stainless steel</b>	4	Each
33	<b>Stamey Needle 16cm 30 deg single prong of high quality surgical grade Stainless steel</b>	4	Each
34	<b>Stamey Needle 16cm 15 deg double prong of high quality surgical grade Stainless steel</b>	4	Each
35	<b>Stainless steel autoclavable reusable needle for pubovaginal (TVT™ type) tape insertion</b>	5	Each
36	<b>Stainless steel autoclavable reusable pair of needles for transobturator vaginal sling insertion by "outside in" technique</b>	5	Each
37	<b>Raspatory with curved 5mm wide rounded tip 6 inches long of high quality surgical grade stainless steel</b>	5	Each
38	<b>Bone chisel 6mm tip 6 inches long of high quality surgical grade stainless steel</b>	5	Each
39	<b>Partsch type Bone gouge with 5mm tip 6.5 inches long of high quality surgical grade stainless steel</b>	5	Each
40	<b>Mallet 7 inches long with 30mm diam head of high quality surgical grade stainless steel</b>	4	Each
41	<b>Killian periosteum elevator 7 inches long of high quality surgical grade stainless steel</b>	5	Each
42	<b>Osteotome 5mm tip 6 inches long of high quality surgical grade stainless steel</b>	5	Each
43	<b>Jansen Bone Rongeur 7 inches long of high quality surgical grade stainless steel</b>	4	Each
44	<b>Rib cutter with raspatory (right side) of high quality surgical grade stainless steel</b>	4	Each

45	Rib cutter with raspatory (left side) of high quality surgical grade stainless steel	4	Each
46	Rib raspatory of high quality surgical grade stainless steel- Right side	4	Each
47	Rib raspatory of high quality surgical grade stainless steel- Left side	4	Each
48	Dingman mouth gag with cheek retractors of high quality surgical grade stainless steel	3	Each
49	Reynolds Scissors length 7inch, curved of high quality surgical grade stainless steel	10	Each
50	Adson forceps 4.5inch long non-tooth serrated jaws of high quality surgical grade stainless steel	10	Each
51	Adsons forceps 4.5 inch long, 1X2 teeth, 1.4mm tip of high quality surgical grade stainless steel	10	Each
52	Skin hook with round serrated handle 6 inches long of high quality surgical grade stainless steel	10	Each
53	Senn-Miller wound retractor with 18X6mm blade 6.5inches long of high quality surgical grade stainless steel	10	Each
54	Weitlaner Self Retaining Retractor 21mm deep blades with blunt tips 5.5 inches long of high quality surgical grade stainless steel	4	Each
55	Penfield Double ended Dissector 7.5 inches of high quality surgical grade stainless steel	5	Each
56	Cooley Non-Traumatic Vascular Clamp angled 45 degree with 4 cm long jaws 5 inches long of high quality surgical grade stainless steel	5	Each
57	Cooley Non-Traumatic Vascular Clamp angled 90 degree with 4 cm long jaws 5 inches long of high quality surgical grade stainless steel	5	Each
58	Adsons forceps 4.5 inch long, ring tip of high quality surgical grade stainless steel	5	Each
59	Micro Forceps Nontooth 6 inches long of high quality surgical grade stainless steel	5	Each
60	Micro Forceps Non-tooth angled 5 inches long of high quality surgical grade stainless steel	5	Each
61	Castrovejio Forceps 1X2 teeth 0.3mm tip 5 inches long of high quality surgical grade stainless steel	5	Each

<b>62</b>	<b>Iris Scissors straight 4.5 inches long of high quality surgical grade stainless steel</b>	<b>10</b>	<b>Each</b>
<b>63</b>	<b>Iris Scissors curved 4.5 inches long of high quality surgical grade stainless steel</b>	<b>10</b>	<b>Each</b>
<b>64</b>	<b>Micro Scissors Spring Type, Flat handle with serrations 4.5inch long straight of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>65</b>	<b>Micro Scissors Spring Type, Flat handle with serrations 4.5inch long curved of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>66</b>	<b>Micro Scissors Spring Type, Flat handle with serrations 6 inch long straight of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>67</b>	<b>Micro Scissors Spring Type, Flat handle with serrations 6 inches long curved of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>68</b>	<b>Micro Scissors Spring Type, round handle with serrations 6 inch long straight of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>69</b>	<b>Micro Scissors Spring Type, round handle with serrations 6 inches long curved of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>70</b>	<b>Jeweler type Suture tying forceps tip 0.2mm, 4.5 inches long straight of high quality surgical grade stainless steel</b>	<b>4</b>	<b>Each</b>
<b>71</b>	<b>Jeweler type Suture tying forceps tip 0.3mm, 4.5 inches long curved of high quality surgical grade stainless steel</b>	<b>4</b>	<b>Each</b>
<b>72</b>	<b>Suture tying forceps with platforms at the tips, curved tips 0.2mm 4.5 inches long of high quality surgical grade stainless steel</b>	<b>4</b>	<b>Each</b>
<b>73</b>	<b>Vessel Approximator Clamp for micro vessel anastomosis with an appropriate applying forceps all of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>74</b>	<b>Castroviejo Micro Needle Holder with catch and straight jaws 5.5 inches long of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>
<b>75</b>	<b>Castroviejo Micro Needle Holder with catch and curved jaws 5.5 inches long of high quality surgical grade stainless steel</b>	<b>3</b>	<b>Each</b>

76	Castroviejo Micro Needle Holder without catch and curved jaws 5.5 inches long of high quality surgical grade stainless steel	3	Each
77	Barraquer Micro Needle Holder with catch and straight jaws 4.5 inches long of high quality surgical grade stainless steel	2	Each
78	Barraquer Micro Needle Holder with catch and curved jaws 4.5 inches long of high quality surgical grade stainless steel	2	Each
79	Microvascular Vessel Dilator with 1mm tip 5 inches of high quality surgical grade stainless steel	4	Each
80	Alpha bed	6	Each
81	Binocular surgical loupes, flip up design, adjustable interpupillary distance, 2.5X magnification, 420mm working distance with at least 100mm field of view at 420 mm distance weighing less than 50g <u>Specifications :</u> i) Binocular surgical loupes must have a flip up design      ii) Must have adjustable interpupillary distance      iii) Must have 2.5X magnification iv) Must have 420mm working distance v) Must have at least 100mm field of view at 420 mm distance vi) Must weigh less than 50g vii) Warranty: 1 year	6	Each
82	Binocular surgical loupes, flip up design, adjustable interpupillary distance, 4.0X magnification, 420mm working distance with at least 60mm field of view at 420 mm distance weighing less than 50g <u>Specifications :</u> i) Binocular surgical loupes must have a flip up design      ii) Must have adjustable interpupillary distance      iii) Must have 4.0 X magnification iv) Must have 420mm working distance v) Must have at least 60mm field of view at 420 mm distance vi) Must weigh less than 50g vii) Warranty: 1 year	6	Each

83	<p>Head band LED light more than 1 lakh lux light intensity with both horizontal and vertical adjustments of bands with in-built rechargeable Li-Ion battery and suitable battery charger working at 220VAC</p> <p style="text-align: center;"><u>Specifications :</u></p> <p>i) Head band LED light must have more than 1 lakh lux light intensity</p> <p>ii) Must have both horizontal and vertical adjustments of bands</p> <p>iii) Must have in-built rechargeable Li-Ion battery</p> <p>iv) Must come with a suitable battery charger working at 220VACv) Warranty: 1 year</p>	4	Each
84	<p>Operating head band mounted fibre optic cable based light with both horizontal and vertical adjustments of bands to which fibreoptic light cable of Karl Storz make will fit, with a clip for fixing the light to the gown.</p> <p style="text-align: center;"><u>Specifications :</u></p> <p>i) Head band mounted light must be fibre optic cable based light with have more than 1 lakh lux light intensity ii) Must have both horizontal and vertical adjustments of bands</p> <p>iii) Must provide a clip for fixing the light to the gown. v) Warranty: 1 year</p>	4	Each
85	<p>Two panel electrically operated X-ray View box</p> <p><u>Specifications</u> i) Must be wall mountable</p> <p>ii) Must be provided with a suitable plug</p> <p>iii) Must operate at 220VACiv) Warranty: 1 year</p>	12	Each
86	<p>Gluteraldehyde (Like Cidex) sterilisation tray made of durable plastic of dimensions lxbxh=71cmx12cmx17cm with inner sieve like tray with handle for immersing and removing instruments</p> <p><u>Specifications :</u></p> <p>i) The Gluteraldehyde (Like Cidex) sterilisation tray must be made of durable plastic</p> <p>ii) The tray must have dimensions lxbxh=71cmx12cmx17cm</p> <p>iii) There must be a well fitting inner sieve like tray with handle for immersing and removing instruments</p>	9	Each
87	<p>Reusable flexible adult size neutral plate with suitable cable to fit L&amp;T Diathermy D-400</p>	6	Each

88	Disposable flexible adult size neutral plate with suitable cable to fit L&T Diathermy D-400	10	Each
89	Autoclavable monopolar diathermy hand piece with cable to fit L&T Diathermy D-400	10	Each
90	Presterilised disposable monopolar diathermy hand piece with cable to fit L&T Diathermy D-400	10	Each
91	Autoclavable bipolar diathermy forceps with fine tip and matching cable to fit L&T Diathermy D-400	10	Each
<b>OPERATIVE LAPAROSCOPY NON-CONSUMABLES</b>			
92	Laparoscopic reusable & autoclavable Veress Needle	5	Each
93	Laparoscopic reusable & autoclavable Monopolar L Hook Electrodes 5mm 31 cm long	5	Each
94	Laparoscopic reusable & autoclavable retracting device like fan retractor -5mm 31 cm long	4	Each
95	Laparoscopic reusable & autoclavable retracting device like fan retractor -10mm 31 cm long	3	Each
96	Laparoscopic reusable & autoclavable right angled forceps without ratchet -5mm 31 cm long	5	Each
97	Laparoscopic reusable & autoclavable right angled forceps without ratchet -10mm 31 cm long	2	Each
98	Laparoscopic reusable & autoclavable Babcock forceps with ratchet for locking -5mm 31 cm long	4	Each
99	Laparoscopic reusable & autoclavable nontraumatic bowel forceps with ratchet for locking -5mm 31 cm long	3	Each
100	Laparoscopic reusable & autoclavable grasper with teeth (like Allis forceps) and ratchet for locking -5mm 31 cm long	5	Each
101	Laparoscopic reusable & autoclavable grasper with teeth (like Alligator forceps) and ratchet for locking -10mm 31 cm long	3	Each
102	Laparoscopic reusable & autoclavable blunt tip grasper with ratchet for locking -5mm 31 cm long	5	Each
103	Laparoscopic reusable & autoclavable Maryland-Dissector-5mm 31 cm long	5	Each
104	Laparoscopic reusable & autoclavable Micro Scissors Straight 5mm 31 cm long	3	Each

105	Laparoscopic reusable & autoclavable Micro Scissors curved 5mm 31 cm long	3	Each
106	Laparoscopic reusable & autoclavable Scissors Curved Short 5mm 31 cm long	5	Each
107	Laparoscopic reusable & autoclavable Scissors Straight 5mm 31 cm long	5	Each
108	Laparoscopic reusable & autoclavable Scissors Hook 5mm 31 cm long	5	Each
109	Laparoscopic reusable bulldog clamps (2 Nos.) with applicator -Adult size	2 Sets	Set
110	Laparoscopic reusable & autoclavable Satinsky clamp -Adult size	3	Each
111	Laparoscopic reusable & autoclavable clip applicator 5mm for using Pilling Weck Medium clips	4	Each
112	Laparoscopic reusable & autoclavable clip applicator 10mm for using Pilling Weck Medium-Large clips	4	Each
113	Laparoscopic reusable & autoclavable clip applicator 10mm for using Ethicon Medium-Large clips	4	Each
114	Laparoscopic reusable & autoclavable clip applicator 10mm for using Ethicon Large clips	4	Each
115	Laparoscopic reusable & autoclavable clip applicator for medium Hemolock™ type Clips	4	Each
116	Laparoscopic reusable & autoclavable clip applicator 10mm for large Hemolock™ type Clips	4	Each
117	Laparoscopic reusable & autoclavable Suction Irrigation 2-Way Trumpet Valve 5mm	5	Each
118	Autoclavable 10mm 30deg wide angle operating laparoscope with Storz light post adaptor	2	Each
119	Autoclavable 10mm 0deg wide angle operating laparoscope with Storz light post adaptor	2	Each
120	Autoclavable reusable laparoscopic bipolar fenestrated forceps with matching cable to fit L&T Diathermy machine	4	Each
121	Laparoscopic port closure needle 16G, 15 cm long.	10	Each
122	Laparoscopic reusable & autoclavable parrot (straight) jaw needle holder with TC jaws 5mm	3	Each

123	Laparoscopic reusable & autoclavable self correcting needle holder with TC jaws 5mm	3	Each
124	Laparoscopic reusable & autoclavable curved jaws needle holder with TC jaws 5mm	3	Each
125	Laparoscopic stainless steel reusable & autoclavable Stone Removal Forceps 10mm	5	Each
126	Laparoscopic stainless steel reusable & autoclavable 5mm Trocar and cannula	5	Each
127	Laparoscopic stainless steel reusable & autoclavable 10mm Trocar and cannula	5	Each
128	Laparoscopic stainless steel reusable & autoclavable 12mm Trocar and cannula	5	Each
129	Laparoscopic stainless steel reusable & autoclavable 10mm Hason cannula with cone	3	Each
130	Laparoscopic reusable & autoclavable Monopolar L Hook Electrodes 3mm size 20 cm long	3	Each
131	Laparoscopic reusable & autoclavable retracting device like fan retractor -3mm size 20 cm long	3	Each
132	Laparoscopic reusable & autoclavable right angled forceps with ratchet for locking -3mm size 20 cm long	3	Each
133	Laparoscopic reusable & autoclavable Babcock forceps with ratchet for locking -3mm size 20 cm long	3	Each
134	Laparoscopic reusable & autoclavable grasper with teeth (like Allis forceps) and ratchet for locking - 3mm size 20 cm long	3	Each
135	Laparoscopic reusable & autoclavable blunt tip grasper with ratchet for locking -3mm size 20 cm long	3	Each
136	Laparoscopic reusable & autoclavable Maryland-Dissector-3mm size size 20 cm long	3	Each
137	Laparoscopic reusable & autoclavable Scissors Curved 3mm size 20 cm long	3	Each
138	Laparoscopic reusable & autoclavable Scissors Straight 3mm size 20 cm long	3	Each
139	Laparoscopic reusable & autoclavable Scissors Hook 3mm size 20 cm long	3	Each

140	Laparoscopic reusable & autoclavable Suction Irrigation 2-Way with trumpet valve 3mm size 20cm long	2	Each
141	Laparoscopic reusable & autoclavable Suction Irrigation 2-Way with sliding valve 3mm size 20cm long	2	Each
142	Autoclavable 5mm 30deg wide angle operating laparoscope 24cm long with Storz light post adaptor	2	Each
143	Autoclavable 5mm 0deg wide angle operating laparoscope 24cm long with Storz light post adaptor	2	Each
144	Laparoscopic reusable & autoclavable straight jaw needle holder with ratchet with TC jaws 3mm size 20 cm long	2	Each
145	Laparoscopic stainless steel reusable & autoclavable Trocar and cannula for 3mm instruments 5cm long	6	Each
146	Laparoscopic stainless steel reusable & autoclavable Trocar and cannula for 5mm instruments 5cm long	6	Each
147	Praders orchidometer	4 sets	Each set
148	Vacuum constriction device for treatment of erectile dysfunction each with 10 rubber cuffs	5	Each
	<b>Andrology consummables</b>		
149	Implantable malleable penile prosthesis	10	Each
150	implantable inflatable penile prosthesis	5	Each
151	Implantable testicular prosthesis	20	Each
152	Implantatable 3 piece artificial urinary sphincter	5	Each
